2530 San Pablo Ave, Suite 1  
Berkeley, CA 94702

Dear Sierra Club Members,

I am writing to clarify my position on Sharp Park and the endangered species that live there.

Recently, my name was included on a legislative resolution honoring the 80<sup>th</sup> Anniversary of the Sharp Park Golf Course. The language of the resolution implied my support for keeping the golf course as it currently is. This language was not cleared by my office, nor does it accurately represent my position on Sharp Park. While my signature was on the resolution, it was electronically generated and not approved by my office.

As I have stated many times in the past, and as recently as last Fall, I believe we must do more than we are currently doing at Sharp Park to reduce impacts on the habitat. This has always been my position, and it continues to be my position. I believe we have an obligation to protect the Red-Legged Frog and the San Francisco Garter Snake as we do all endangered species and I eagerly anticipate the court's ruling on the matter.

Thank you for allowing me to clear up this unfortunate miscommunication. If you have any questions, please do not hesitate to contact my San Francisco District Office at (415) 557-7857 or San Mateo District Office at (650) 340-8840.

Sincerely,

A handwritten signature in dark ink, appearing to read "Leland Y. Yee".
