

Pacifica has already lost Sharp Park Beach north of the pier.

Will Sharp Park Beach south to Mori Point Be Next?

Right now San Francisco is planning a multi-million dollar sea wall to protect a money-losing golf course at Sharp Park. If the City succeeds, Pacifica will lose Sharp Park beach to erosion and sea level rise. We deserve better: don't let SF destroy our beach!

South Sharp Park Beach Today:

North Sharp Park Beach Armored:

"I think the public is going to have to decide, very soon, whether we want seawalls or beaches," says California's premier coastal engineer and local Pacifica resident Bob Battalio. Do you know what you want? **Lets build a truly public park at Sharp Park.** We can save the beach, protect homes, and save millions of dollars by saying no to another sea wall in Pacifica.

Support restoring Sharp Park! Take these four actions today:

Volunteer.

Help us spread the word by talking to your neighbors, tabling, and coming to hearings.
